LINING OUT STOCK

DECIDUOUS SHRUBS AND TREES

Seedling Stock listed below is indicated by an "S". This has been grown in beds. Items marked "Pots" have been grown from softwood cuttings and will be shipped in paper pots of the same size indicated. Field grown materials are graded out of our larger salable materials, out of our full 42" rows; they are strong, well rooted, vigorous and not to be confused with bed grown material. In all cases, the rule "culls rigidly excluded" applies.

Please order in multiples of twenty-five.

Minimum order, 100 plants, please

500 in assortment takes the 1000 rate. Example: 50 each of 10 varieties, or 25 each of 20 varieties, gets the 1000 rate.

CONIFEROUS EVERGREENS

Two-Year Field Grown

All of these Conifers are grown from cuttings and have been root pruned in the field. This field grown stock is not to be confused with bed or frame-grown stock. They have grown in our full 42" rows where they have been under a state of high cultivation, which has developed character. They will be puddled in mud as dug and the roots carefully packed in sphagnum Moss in ventilated cases for shipment.

Potted stock will be shipped in paper pots of the size indicated.

352. BINDER TWINE HOLDER:

If you use binder twine for bunching and balling as we do, no doubt you have had it to snarl and the loss is heavy. The picture is self explanatory. Inside dimensions are 8¾" in diameter and 8" deep, with an inch wide reinforced hinged handle perforated so that the twine runs freely from the center of the ball. This will carry either a 5-lb. or 8 lb. ball. Made of heavy galvanized iron.
